Hospitality
fell in love
with nature

We embarked on a romantic journey with our Valentine, celebrating not only the day but also the year ahead by dedicating one initiative a month to Mother Nature.

We started the "In Love with Nature" campaign, implementing one eco-friendly initiative each month and sustaining it for the rest of the year.

SAY NO
TO PLASTIC BAGS

It is now time for our June initiative and this month we have decided to "Part with Plastic!"

We will not be using plastic bags any more. Plastic bags will be replaced with Cloth bags.

We request all members to bring their own cloth shopping bags when shopping for bakery items or picking up parceled food from the club.

You can also buy cloth bags from us to support the campaign at Rs. 30 each.
